Head of ideas.

Head of ideas.

STAEDTLER is one of the world's leading manufacturers of writing, colouring, drawing, and modelling products, with a heritage spanning almost two centuries. As one of Germany's oldest industrial companies, STAEDTLER has been inspiring creativity and learning for generations.

Our high-quality educational and creative products support learners at every stage of their journey, from early childhood development and first writing experiences to advanced artistic, technical, and professional applications. Designed to encourage creativity, self-expression, and skill development, STAEDTLER products are trusted by educators, students, and institutions worldwide.

Headquartered in Nuremberg, Germany, STAEDTLER employs nearly 2,000 people globally and operates through affiliates in 25 countries, with products available in more than 150 countries around the world.

Welcome to

Bringing teachers fresh ideas & inspiration

STAEDTLER Teachers' Club is a free community created especially for UK primary school teachers, teaching assistants and school leaders.

For more than a decade, we've been helping educators bring creativity into the classroom through downloadable resources, lesson inspiration, competitions, giveaways and exclusive member benefits. Today, our community includes more than 25,000 teachers from across the UK, all sharing a passion for helping children learn, create and thrive.

Throughout the school year, members can access curriculum-linked activities, classroom competitions and seasonal campaigns designed to make lesson planning easier and learning more engaging. Whether you're looking for a quick lesson starter, a whole-class creative challenge or fresh inspiration for the term ahead, Teachers' Club is here to help.

Many of our activities are inspired by the STAEDTLER products teachers know and trust, from the iconic Noris pencil and handwriting pen to Noris colouring pencils and Lumocolor whiteboard markers. By showing practical ways to use these products in the classroom, we aim to support both creativity and confidence in learning.

Best of all, membership is completely free!
